Scalable Display Solutions for Seamless Show Planning

About Vegas Display

Founded in 2001, Vegas Display is the premier manufacturer of the patented Snap Panel display system – a modular, lightweight slatwall solution designed specifically for trade shows and branded events. Each 2ft x 2ft panel is easy to assemble, highly durable, and can be customized with vibrant graphics. Proudly made in the USA.

In addition to Snap Panel systems, we offer a full line of illuminated graphic displays, counters, hanging signs, and modular exhibit solutions for everything from 10x10 booths to large island exhibits. Our cutting-edge printing technology ensures every display is sharp, bold, and built to impress.

Vegas Display is known for delivering concierge-level service and affordable, high-impact solutions that make exhibiting easy.

ILLUMINATED DISPLAY

Bright. Bold. Unmissable.

Our illuminated display collection is designed to instantly elevate any space with vibrant, edge-to-edge backlit graphics. Whether you're outfitting a branded environment, dealer conference, or trade show booth, these displays deliver high-impact visibility with modular simplicity.

LIGHTBOXES

Our Light Boxes are sleek, self-supporting illuminated displays that combine portability with powerful visual impact. Featuring premium 6" aluminum frames in your choice of silver, white, or black, each unit is outfitted with perimeter LED lighting to ensure bright, even illumination with zero shadowing.

The push-fit silicone edge graphics (SEG) create a seamless, vibrant look that commands attention from across the show floor. Assembly is fast and tool-free, making these light boxes ideal for trade shows, conferences, retail environments, and branded activations.

ILLUMINATED BACKDROPS

Tension Fabric SEG System

Seamless style. Lightweight power. Instant impact.

Our Tension Fabric display system combines a sleek, professional look with ultra-simple setup. A collapsible silver frame supports vibrant fabric graphics that push easily into a thin channel, creating a clean, seamless edge-to-edge visual.

Perfect for trade shows, press events, or branded photo ops, these backlit displays are ideal as step-and-repeats, backdrops, and full booth walls. Displays are available in tabletop to full-height formats, ranging from 2.5ft to 20ft wide.

Pair with a matching Counter to enhance your message and add practical storage – all in one coordinated look.

ILLUMINATED COUNTERS

- Perfect for check-in, demos, or lead capture
- Custom backlit front graphics with interior shelving
- Collapsible frames for easy transport
- Upgrade any space with glowing visual presence

Bar Height Counters, Illuminated

COUNTERS

Functional, branded, and built to impress.

We offer a wide variety of stylish and portable counters to enhance any event setup. From sleek tension fabric counters to interactive charging stations, our counter options combine form and function – perfect for greeting attendees, product demos, sampling, or lead capture.

Choose from compact pop-up counters, fully branded campaign kiosks, and elegant shapes like the Formulate Bullet or Charging Counter. Lightweight frames and stretch fabric graphics make them easy to set up, reposition, and rebrand for any event.

SNAP PANEL DISPLAYS

Slatwall Reinvented. Modular and Made to Move.

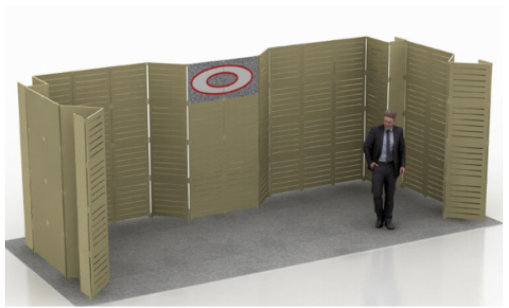

Our proprietary Snap Panel system is the ultimate modular slatwall solution for trade shows and branded events. Each panel is 2ft x 2ft and constructed from durable, lightweight ABS plastic – designed to stack, snap, and stand securely without tools or hardware. Integrated easily with graphic backdrops and illuminated fabric walls. Available in table top to island display, in practically any configuration.

Snap Panels offer unmatched flexibility: configure them into towers, walls, counters, or custom backwalls. Add branded graphics, shelving, or hooks to showcase products with ease. The system is engineered for portability, quick setup, and repeat use – making it a favorite among exhibitors who want impact without the hassle. Manufactured in black, white or ivory, rental or purchase options available.
